Hello George and Michele,

I've been trying to find the latest (if there is any) guidance on how to apply for an AE. Can you please point me to the correct link in the EPA website, or if there is already a pdf available outlining the steps that needs to be done, this would be much appreciated. I have a 15 page document from Region 9 with the subject heading: EPA Region IX Aquifer Exemption Request Guidance. I'm not sure if this document is dated and if there is an update already. Thanks for any help.

I hope you all have a wonderful Thanksgiving holiday!

Jerry
